Republicans Claim Morrow Election

Louisville, Ky., Nov. 9.—Jefferson, the one hundred and nineteenth county to report an official canvass of the gubernatorial vote in Kentucky Tuesday, reduced A. O. Stanley's unofficial Democratic majority in the State to 327. The official canvass in Laurel, the last remaining county, was not available. Illness of election commissioners, it was stated, has delayed the official count. Maurice L. Gavin, chairman of the Republican State Campaign Committee, stated that he believed Edwin P. Morrow, Republican, had been elected Governor. "The Republican nabulation of the official canvass of the votes in the 119 counties shows wide discrepancies in compilations," he said. "The headquarters figures are based on reports of its agents and workers."

Crops Worth \$5,000,000,000

Washington, Nov. 8.—The nations principal farm crops this year are worth about five and a half billion dollars, exceeding by more than half a billion their value in 1914, the previous banner value year in the country's crop history. There has been an unprecedented harvest, many of the crops exceeding their best records and high prices due to the influence of the European war have contributed to swell the total value. Statistics announced today by the Department of Agriculture in its November crop report base values on prevailing November prices. Corn, with a production of 3,090,509,000 bushels—34,000,000 bushels below the record crop—is worth \$1,913,025,071, the most valuable crop ever grown. It exceeds the former biggest value crop, that of 1914, by \$190,000,000. Wheat, with the largest production ever known in any country, 1,002,029,000 bushels or about one-fourth of the world's wheat crop this year, is worth \$932,888,999, or \$54,000,000 more than the record, made in 1914.

Thomas J. Muncy, late assistant district attorney for the Western district of Virginia, who was running for Commonwealth's attorney for Bland county, as Republican, was defeated by Samuel W. Williams, Jr., Democrat, by a majority of five votes.

Rev. P. H. Chelf to Head Orphanage.

Lynchburg, Nov. 8.—The Rev. P. Harris Chelf, for the past six years field secretary of the Baptist Orphanage at Salem, was elected Superintendent of the Odd Fellows Orphanage here, to succeed Mrs. Lucy Acree, resigned. He will assume charge January 1, 1916.

Colds Do Not Leave Willingly

Because a cold is stubborn is no reason why you should be. Instead of "wearing" it out, get sure relief by taking Dr. King's New Discovery. Dangerous bronchitis and lung ailments often follow a cold which has been neglected at the beginning. As your body faithfully battles those cold germs, no better aid can be given than the use of this remedy. Its merit has been tested by old and young. Get a bottle to-day, 50c. and \$1.50.

77 New Faces in Next Legislature.

In the make up of the next General Assembly there will be at least seven-hundred and seventy new Senators and members of the House of Delegates. There will be twenty new Senators and the same number re-elected, the latter including Senator O. L. Wendenburg, who represented the Henrico district for four years, and goes back from Richmond city, Senator Powell Royal, of Tazewell, is the only Republican Senator to retain his seat. Of the twenty new members of the Senate, sixteen are Democrats, three Republicans, and one Independent.

The official count in the First district elects John Preston Buchanan, Democrat, to the Senate, by 78 majority. Buchanan carried Washington county by 6 and Bristol by 253, while R. A. Anderson, Republican, carried Smyth county by 181.

In checking up the results of the election it appears that the Republicans will have fourteen and possibly fifteen members of the House of Delegates a larger representation for the minority than at any time in the last ten years. All of the Republican House members are new men. Senator Parr was elected from the Sixth district in 1911, and this year ran for the House from Patrick.

Republicans will come from Botetourt, Shenandoah, Rockingham, King George and Stafford, Montgomery, Franklin, Floyd, Carroll, Grayson, Scott, Dickenson and Wise, Lee, Buchanan and Tazewell and Smyth, with Patrick in doubt. In the present House the minority had one representative each from Rockingham, Floyd, Carroll, Grayson, Smyth and Tazewell and Buchanan. W. H. Roberts, Republican, has defeated R. L. Counts Democrat, in Dickenson and Wise.—Richmond Dispatch.

Has Been Issue Lincoln's Time.

Since Lincoln's time the dominant political parties of the United States have been sharply divided on the question of Tariff. Virtually every National Republican platform within that period has declared for the principle of Protection for home industry, while the National Democratic platforms have been demanding "incidental Protection," Tariff for revenue only and in two instances, at least, out and out Free-Trade. They have also asserted, no longer ago than 1912, that the Federal Government, under the Constitution, has no right or power to impose or collect Tariff duties except for the purpose of revenue.

The convictions of Protectionists and Free-Traders, or Tariff for revenue only men, as at times they prefer to be designated, are as sincere and deep rooted as the religious convictions of the different denominations, and they are as little amenable to settlement by legislative fiat.

Better Farming Train at Marion.

The Norfolk and Western Better Farming and State Demonstration Train reached Marion last Friday afternoon from Rural Retreat. The train was made up of two stock and a flat car between for the purpose of showing the stock which was carried, three lecture cars and a sleeper and diner for the members of the exhibit party. The week's tour commenced Monday morning at East Radford and wound up Saturday evening at Wyndale in Washington county.

During the two hours the train was here it was visited by hundreds of our town and county people. The Public schools and Marion College turned out en masse and in charge of teachers of the respective departments they passed through the exhibit cars during lectures given on domestic science by lady speakers to an audience of ladies, while in another car were lectures on stock breeding and dairying for men. J. R. Hutcheson, of the animal husbandry department of the V. P. I., is the representative director in charge of the lectures and exhibits, who spoke on stock breeding, urging the use of pure bred sires. In connection with his talk he spoke of the feeding of stock, throwing out many salient points for the consideration of his auditors.

C. T. Rice, a Fairfax county dairyman, was in a position to give the farmers many helpful hints as to what can be accomplished in the dairy business, as he is a practical dairyman. This section not given to any extent of dairying, enabled him to talk largely to an audience unfamiliar with what can be accomplished in this line of farm products.

On the platform car with his exhibits Prof. D. S. Lancaster, of the animal husbandry department at Blacksburg, gave an interesting exposition of stock raising, showing the good and bad qualities of the animals. The exhibit included Guernsey, Holstein, Jersey, Hereford and Short Horn Angus cattle; Hampshire sheep; Berkshire, Duro Jersey and York hogs; Percheron horses. The exhibit was for the purpose of giving the farmer a better idea of good stock, and to interest him in breeding solely from pure bred sires.

Three experts in home demonstration and health are in charge of the car that is designed to help the women on the farms. In this car Miss Moffet, of the Radford State Normal; Miss Scott, of the Federal Extension Service, and Miss Terrell, of the State Board of Health, are the lecturers, and they have in charge a good number of exhibits that attract the attention of the women visitors.

The agricultural demonstration car is filled with many of the products that won blue ribbons at the Richmond State Fair. Among the displays is the cup which Roanoke County has won at the State Fair for the past four years.

Another interesting exhibit, which nearly filled an entire car, was the display of seeds, poultry appliances and products of the farm and garden. It was in charge of C. C. Jacobs, a seed expert, with T. W. Wood & Sons, of Richmond.

The exhibits are especially well selected and go to show what Virginia soil is capable of producing with the proper treatment and culture. The arrangement of the exhibits in the cars presented them to the very best possible advantage and Virginians could not help but feel a pride in the soil's possibilities. Practically every cereal grown in the State was shown, as well as fruits. In brief it was a typical farm demonstration train, a credit to the State and to those who are responsible for the exhibits assembled. The train is operated at a considerable cost and it is regrettable that more of our county people did not avail themselves of the opportunity of hearing the lectures and seeing the exhibits. The train was operated by the Norfolk and Western Railway in co-operation with the Virginia demonstration work and experiment stations.

Very Sad Tragedy Near Wytheville.

Wytheville, Va., Nov. 8.—A very sad tragedy occurred at the home of Mr. David Umberger, four miles west of Wytheville, Saturday afternoon at about 3 o'clock. Rosco and Dewey, his grand sons, and sons of Mr. Marco Umberger, were playing with a gun when it accidentally fired, killing Rosco instantly. The entire load struck the lad in the side of the face. Rosco was fourteen years of age, while Dewey is ten. Mr. and Mrs. Marco Umberger removed back to this county from South Dakota about three weeks. They were visiting their father until they could complete their arrangements to resume house-keeping in that neighborhood. The parents were not at home when the boy was killed. Mrs. Umberger being at the home to which they expected to remove and Mr. Umberger was in Wytheville making some purchases for the new home. The funeral services took place at the Lebanon church in that vicinity Sunday at 11 o'clock a. m.

Former Governor and Mrs. J. Hoge Tyler, of Radford, have announced the engagement of their daughter, Miss Sue Hampton Tyler, to the Rev. Robert Jopling, pastor of the University Presbyterian church, Austin, Tex. The wedding will take place in December.

Address—Rev. Frank Y. Jackson.

An unusually large number of patrons was present and enjoyed the program very much. The most interesting feature of the day was the address by Rev. F. Y. Jackson, which was given in his most dramatic and effective style.

The school is progressing nicely this year through the efforts of the energetic and untiring principal, Prof. C. P. Hicks, aided by his efficient assistants, Misses Eleanor Lester and Ola Fischer. The patrons are showing much interest by their ready response to any wants or wishes the principal makes known. The number of pupils is steadily increasing and the enrollment has now reached about one hundred and twenty-five. New desks have been placed in the building and new black boards have been ordered. A great deal of repairing is being done. The prospects for the coming year are the brightest in the history of the school.

Kitchin to Fight Wilson Defense Program.

Washington, Nov. 8.—Representative Claude Kitchin, Democratic leader of the House, told President Wilson today that he could not support the administration's program for National defense and that he would oppose the program in a personal capacity only and not as a majority leader. Mr. Kitchin was with the President more than an hour, during which Mr. Wilson outlined to him the army and navy plans for the next session of Congress and for the next five years, and sought to influence the majority leader to be in harmony with them. Mr. Kitchin stated his views frankly to the President, directing his opposition chiefly to the naval program.

"All I can say," said Representative Kitchin as he left the White House, "is that I very much regret that I cannot support the President's National defense program. The plans don't meet with my convictions, particularly with reference to the navy."

Mrs. W. E. Greer Hostess.

Mrs. Walter Eugene Greer was hostess at a delightful reception last Friday afternoon, given at her home on West Main street.

The home was attractively decorated in Hallowe'en fashion, yellow, black and white being the colors used. The electroliers, the candelabra and many candles with their yellow shades cast a soft glow over the rooms. The reception hall, as in fact all the entire lower floor, was elaborately decorated.

At the front entrance two jolly scarecrows helped to welcome the arriving guests and the decorations of corn shocks, pumpkins and autumn leaves, together with black cats, witches and bats, put one at once into the spirit of the evening's fun. Swaying fringes of black and yellow crepe paper from which peeped grinning boggy faces, adorned the mantels and fire places, with jack-o'-lanterns furnillumination.

A tall ghost with pumpkin head stood in the rear hall, where many autumn leaves, bapples, and ears of corn were artistically arranged.

The guests were welcomed by Mrs. W. W. Hawkins, and Mrs. E. K. Coyner. Mrs. C. C. Lincoln conducted them to the punch bowl, placed in one corner of the reception hall under a huge umbrella of black and yellow where Mrs. John Eccles served refreshing punch, assisted by Misses Elsie Campbell and Ruby Dickenson, of Marion, and Mrs. J. L. Ward, of Rural Retreat. Mrs. Arthur Peery conducted the guests to the drawing room, where the ladies of the receiving line, Mrs. Walter Greer, wearing green chiffon over pussy willow taffeta with beaver fur trimmings, carrying Richmond roses; Mrs. Glenn B. Young of Chilhowie, Va., in embroidered net; Mrs. Geo. Holland Miles, of Marion, in white charmeuse with pearl trimmings; Mrs. Dick Burson, of Bristol, Tenn., in blue crepe meteor with over dress of chiffon; Mrs. Chas. Bowers, of Bristol, in pink chiffon over blue taffeta, carrying Killarney roses, received in a charming manner.

Mrs. Earnest Harris conducted the guests to the dining room, which was beautifully decorated. The picture table with a vase of mammoth yellow chrysanthemums as a center, encircled with tall brass candlesticks exquisitely draped with yellow tulle and burning yellow candles. In this room a salad and ice course, the oes in shapes of chrysanthemums, pumpkins and ears of corn, were served by Misses Flora Greer, Mary Painter, Wynona Anderson, Hallie McGinnis and Willie Culbert.

Miss Mollie Collins conducted the guests to the library, which was a dream of loveliness in decorations of roses, shaded lights and potted plants, and where Mrs. J. C. Campbell presided most gracefully at the coffee urn, assisted by Misses Louise Miller, Mary Apperson, Eva Greer, and Mabel Smith.

Chairman of G. O. P. Makes Statement.

New York, Nov. 8.—Chas. D. Hillies, chairman of the Republican national committee, issued the following statement on the results of the late election: "The results of the election must be anything but gratifying to the national administration. The contest in the Democratic State of Maryland is so very close that the result will be in doubt until it is decided by the official canvass. In the Democratic State of Kentucky, where national questions were juggled in by the Democrats to avoid a drubbing, the Republicans have nearly won. We have carried Cincinnati by the largest plurality ever given a candidate in that city.

The Republicans have retained control of the legislatures in New York and New Jersey; have elected local officers in up-State New York and all officers in Philadelphia. They have swept Massachusetts by pluralities ranging from 10,000 to 30,000 electing all State officers and 100 Republican members of the legislature against 79 Democrats.

"We have carried the one congressional district in Pennsylvania and three in New York, one of which, the twenty-third, New York, has been held by a Democrat. It is significant that the issues discussed in Massachusetts and the twenty-third New York by men of national note were wholly those arising out of the domestic policies of the national administration. William S. Bennett, elected in the twenty-third New York, made the protective tariff his keynote and he ran 11,000 ahead of the Republican assemblymen who were candidates in the same territory.

"The Boston Post contended that the national administration was on trial and that the election of McCall would be a vote of lack of confidence in the policies of President Wilson.

Pastor Celebrates His 43rd Anniversary.

The Rev. J. B. Hutson, pastor of Pine Street Baptist church, celebrated his forty-third anniversary as pastor of the church last Sunday. Dr. Hutson has been pastor of his church longer than any other minister in the State and as long as any pastor in the country. During his ministry there have been 4,568 additions to the church. Pastor Hutson has made during his forty three years as pastor 55,000 visits to members not including calls. He has married 1,517 couples and has preached 2,124 funerals. The present membership of the church is 1,892. When Pastor Hutson came to the church it had only 167 members. The church and Sunday school are now the largest in the State. The congregation has recently erected a new church and two annexes.—Richmond Journal.

Williams is Candidate for Register of Land Office.

Richmond, Nov. 8.—News of the candidacy of Mr. A. H. Williams, of Wythe, for the office of Register of the Land Office, was received at the Capital Saturday, and the report of the unexpected opposition to Colonel John W. The office of Superintendent of Capital Grounds and Buildings are combined. Mr. Williams is a brother of former Attorney General Samuel W. Williams.

Mrs. John Bickle, who resided in Marion for some years with her husband and one son, but since been a resident of Abingdon, died at her home there last Thursday after an illness of many months. The remains were taken to Newbern, Pulaski county, Friday morning for interment in the family burial ground. C. G. Moorman, president of The Roanoke Film Company, which was organized a few months ago, was in Marion with R. M. Foot, managing director, J. Roberson, leading man, J. J. Mullin, photographer, and Miss Hilda Vann, leading lady of the company, on Tuesday of last week for the purpose securing scenes of a four part production to be known as "Virginia".

The object tells of a story of George Wainwright's love for Virginia Mandell and the obstacles placed by Jean Jarvis, who has sworn to take the life of Wainwright, and how Virginia Mandell upsets his plans and brings about the death of Jarvis. Several pictures were taken here which go in the plots which with the scenes of historic and beautiful places of twenty other cities and towns in Virginia will be shown in the production.

Warning to Virginia.

In Kentucky, according to the latest reports, the Democratic majority for State offices has been whittled down to two or three hundred, if it has not disappeared entirely. In Maryland the Democratic nominees pulled through, but they had a narrow margin. In both of these States through years the Democratic party organizations were supposed to have everlasting control. The causes of the changes in public sentiment and political conditions are many and intricate. However, to get down beneath the surface to the basic facts, it seems to be true in both States that politics had fallen into a rut and the people have been wearied of the same sets of men controlling their home affairs. It may be accepted as true that when a political party refuses to put forward new ideas and fresh strong blood from within itself some other party which can provide or promise these things, always attractive to the people, will be put in control.

Here in Virginia, we should take warning from the conditions in our neighbor States. West Virginia, Tennessee, Kentucky, Delaware and Maryland used to be counted as surely and invariably Democratic. Some of them now are apparently hopelessly Republican and others are in the doubtful list.

Here we have been exceptionally fortunate. Perhaps we have been rather wiser than some other States. Yet even here the Republicans and Independents made decided gains in the recent legislative and local elections. They are preparing to give us a fight next year for control of the State government and already are hard at work putting their claims before the people and organizing their forces.

Learning by conditions all about us, the Democratic leaders in Virginia should be looking to the party fences. The rank and file of the party should be warned that there will be serious danger of an overthrow unless strong men are put forward for the important offices. We will be confronted within a few months by a situation with which we cannot play. No party can safely take chances on the political habits of the people or take liberties with their good nature.—Richmond Journal (Democrat.)

District Teachers' Meeting

The teachers of St. Clair District held the first District meeting on Saturday November 6 at Lansdown School. The day was delightful and the meeting was fairly well attended. From our district were: Misses Shumaker, Proffitt, and Reid from Piedmont; Mr. Carson and Miss Buckner from Riverside; Misses Lawson and Morris from Lansdown; Miss Wyatt from Valley View; Misses Doak and Jansatt and Mr. Jordan from Sugar Grove.

From outside our District we had Supt. Copenhaver and Mr. Burton from Marion; Mr. Browning from the adjoining district. Visitors were Mr. and Mrs. J. R. Dolinger and Mr. Lloyd Rouse from Piedmont, Mr. Haub from Valley View, and Mrs. Bumgardner, worthy representative of the Lansdown patrons.

Prof. Jordan called the meeting to order; Prof. Carson offered prayer; Miss Shumaker was elected Secretary.

Supt. Copenhaver spoke earnestly and approvingly to the teachers.

A "conservation party" was then enjoyed. The teachers were divided into two groups, one group keeping their seats and holding topics of conversation of interest to teachers. The others sat by the teachers these seated and conversed with them two minutes, then passing to the next teacher until all had completed the round. Papers on talks were given by Miss Doak on "Teaching Beginners to Read;" by Miss Shumaker on "My Junior League;" by Miss Lawson on "Schoolrooms and House-keeping;" by Mr. T. C. Carson on "The Value of Perseverance in the Teaching Profession;" and by Mr. Jordan on "The Recitation."

The program was divided midway by an excellent lunch provided by the good people of Lansdown.

We think the meeting was helpful to all. The preparation of the programs for future meeting was placed in Mr. Jordan's hands and he will welcome suggestions at any time. Just now he would like to know if a meeting at Marion in December would be acceptable to the teachers of the district.

Cleghorn Valley Boosts.

As most of the school communities are commenting on their neighborhoods and schools, we do not wish to be left entirely behind, so we are writing a letter to inform you of the fact that we are very much alive and rapidly advancing to take our place with the foremost communities.

Our homes are located in a long fertile valley and there are more than forty families making a community population of about two hundred.

Our community is coming to the front as rapidly as any in the State. If it continues to progress as rapidly in the future as it has during the past five years, we shall certainly be on the maps all right. We have in our community three saw mills, all working every day, two grist mills, three stores, two blacksmith shops, and one planning mill.

Messrs. Frank Hall and Harve Blevins are each erecting modern dwelling houses which will soon be ready for occupancy.

Messrs. Allen Brooks and Hening-er have each built additional rooms to their homes.

Rev. John Blevins has also recently improved his house.

Within the past six months, there have been ten residences built and equally as many more will be built within the next year.

Mr. and Mrs. Roscoe Blevins, of Chestnut Ridge, were visiting Mrs. Blevins' parents, Mr. and Mrs. Felix Blevins Sunday.

Mr. Conley Cullup who has been working in West Virginia for some time, has returned to his home here, but he intends to take his family with him to West Virginia within the next few days. We regret to lose this excellent family.

Miss Minnie Childress, Mr. and Mrs. Andrew McClure and two small daughters, Mr. and Mrs. Ray Haga and Mr. B. Wyatt and family, of St. Clair's Creek were visiting Mr. and Mrs. John Wyatt Sunday.

Mr. and Mrs. Charles Goodman, of Seven Mile Ford, were calling on Mr. Floyd Rose Sunday.

Mrs. Jennie Kell, of Graham, who has been visiting relatives in our village for some time returned to her home Thursday.

Mr. Oscar Stephenson and family, of Marion, motored out to the home of Mr. Joseph Anderson, where they spent Sunday.

Mr. and Mrs. George Dixon, of North Carolina, were visiting Mrs. Dixon's parents, Mr. and Mrs. Allen Brooks last week. Messrs. I. and Johnson and William Martin have moved into our community this week bringing five more pupils for our already full school. We welcome the new scholars, but don't know where we are to place them unless we are given another teacher within the next few days. There are already seventy pupils enrolled and if we could have the room for them, we could have twenty or twenty-five more pupils within the next week.

The Patron's meeting was a great success. All the patrons who could possibly be present were in attendance and it was decided that we should have a new two room school house, built according to State specifications, before the beginning of another term. The School Board has under consideration our proposition in regard to an assistant teacher and hope they will decide to furnish us one room. The members of the Baptist church have very kindly offered to furnish the church as a room for an extra teacher, provided the school board will furnish the teacher.

The school funds may be rather low, but the board knows that we need another teacher more than any other community in the county and it is only right that we get one.

The teacher and pupils are enthusiastic over plans they have for securing books for the library.

At the present time they have about forty volumes but no bookcase, they plan to secure one hundred more volumes and also a bookcase within the next two weeks.

To secure the more for a bookcase, they are to have a box supper Saturday, November 20, at two o'clock p. m. and they hereby invite the young folks from all parts of the county to be present and ask all of the young ladies from this and other communities, who care to do so, to bring boxes.

There will also be a cake sold for the benefit of the school and awarded to the prettiest girl or woman present. Remember the date, Saturday, November 20th, at 2 o'clock p. m. and be present for a good time.

Mr. A. M. Gentry butchered a fine beef Saturday and divided a part of it with some of his neighbors.

S. M. Rouse and family made a Sunday evening visit to his uncle, Mr. F. M. Tilson near Riverside.

Mr. Fieldan Anderson and Miss McVey were visiting Mr. Tom Anderson Sunday all day.

Several of the St. Clair Creek folks attended the funeral service at Cleghorn Sunday, which was preached by Rev. Sexton from N. C., he also preached at Mascodonia Sunday night.

Our school is increasing and it looks as if a 4th room will soon have to be added.

Patron's Day was observed last Friday by a varied and interesting program, also a splendid dinner was served.

Addresses were given in the afternoon by Prof. B. E. Copenhaver and Mr. D. D. Cole, which were enjoyed by a crowded and appreciative audience, after which the Civic League held its annual meeting. Officers for the year were elected as follows: For President, Mrs. J. R. Dolinger; Vice President, Miss Reed; Sec., Mrs. S. M. Rouse; Treas., Mr. J. R. Dolinger. Some new members were added.

Patrons let us come out and help and encourage our teachers in any and every way possible.

According to the present outlook we see no reason why we should not make our school the best in the country. With three well equipped teachers and plenty of material and sufficient support from patrons we'll have it.

We are sorry to learn that Miss Shumaker's mother is continually growing worse. Let us extend our unlimited sympathy to her during this great strain that she is laboring under.

Let us help to lighten her burden by trying to teach our children at home to have due respect for their teacher and above all let us never criticize a teacher in the presence of our children. If at all. By this we do not only fail to support our teacher, but throw obstructions in the way of the future success of our children.

Professor Copenhaver, our Superintendent, and Mr. Terrill, of the State Board of Education, visited our school Wednesday afternoon. Mr. Terrill in his attractive manner made us a very interesting talk. Professor Copenhaver with his cheerful smile and talk always brings encouragement.

At our last District Conference Harry Scott was made Superintendent of our Sunday School. Last Sunday after the lesson our school reorganized; teachers were elected for the various classes. Mr. Early McGee was elected secretary and Mr. F. J. Allen treasurer.

The advanced grades of our school took advantage of the nearness to town and visited the farm exhibit given last Friday. We only missed a couple of classes and feel that by the lectures and exhibits given we were well paid for our short loss of time.

The young ladies of the advanced grades have added greatly to the appearance of our room by putting up nice window curtains. With our new curtains and the floor oiled our room has a very neat appearance.

Mr. and Mrs. W. S. Stone are attending the District Conference at Wytbeville.

The Smithsonian Literary Society of our school has been re-organized. The following officers were elected: Roy Groseclose, pres; Miss Josephine Copenhaver, vice president; Miss Zetie Stone, secretary; Everett Humphrey, treasurer.

The Clover Literary Society has also re-organized in Misses Straly's and Taliaferro's rooms. The following officers were elected: President, Richard Conner; Vice-President, Blanche Snavely; Secretary, John T. Stone; Treasurer, Anna Bell Sander.

The motto adopted: See something beautiful, learn something beautiful, do something beautiful each day of your life.

We hope to have a joint program of the two societies near Christmas and invite the community.

The boys and girls are looking forward to our base ball game with Atkins Friday. A number of patrons and others from our community are planning to attend the game which will be played on the Atkins ground.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elda, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

Mrs. T. French, R. R. 1, Hickory Point, Tenn., writes: "I am happy to tell you that I am cured of catarrh. Having been afflicted with catarrh and stomach trouble for seven years, and after having tried four different doctors, who only relieved me for a little while, I gave up all hope of being cured. I was induced to try Peruna, and to my great surprise I am now entirely well. My health never was better."

FOR INDIGESTION

Mrs. W. R. Whitehead, R. R. 1, Pryor, Oklahoma, writes: "I am happy to tell you that I keep free from my old stomach trouble; feel no catarrhal symptoms at all. I am able to do my work, eat and drink what I want, and rejoice to know that I found a sure cure in your valuable medicine. I think it saved my life. By beginning in time with Peruna I was cured sound and well."

Marion College. The College is glad to be able to announce that Miss Agnes White who was taken to the Jefferson Hospital in Roanoke for an operation for appendicitis, is progressing progressively favorably and it is hoped that she will soon be back again to take her accustomed place. Monday afternoon was an ideal time for an ideal outing planned and provided for the students of Marion College by some of the good friends in and around Marion. By 2:30 about twenty big cars were lined up around the college campus ready to be filled and off for Chilhowie and Sulphur Springs. The first and most important stop was made at the home of Mr. H. L. Bonham, where he treated all to a most generous helping of unusually good apples. The entire trip was quite delightful and the return made in time for the college dinner at six o'clock. Those who went are quite sorry for those who were out of town or who for any other reason failed to go. There hasn't been anything to compare with it since the automobile trip to Rural Retreat last spring. All who were on the trip Monday enjoyed every minute and wish to thank each friend who so generously contributed his car and time for the pleasure of the students.

Resolutions. At a meeting of the Town Council Nov. 3rd, 1915 a committee was appointed to draft suitable resolutions on the death of our Mayor, Mr. G. H. Fudge. With profound sorrow we learned of the death of Mayor Fudge, and with a deep sense of a loss to us, both as a faithful public servant and a personal friend, we bow in humble submission to the will of our All-wise Father, knowing that he doeth all things well. Honored with the highest office that the people of the town could bestow upon him, Mayor Fudge has always proven himself worthy of the high trust, and, so long as strength was given him, he was enthusiastic and active in the discharge of all the duties of his office. Resolved: That we herewith extend to his family our expression of deepest sympathy, trusting that He, who gave and has taken away, will place beneath them His everlasting arms, to comfort and protect until they be re-united in that Home of eternal bliss. Second, That the members of the Council not only feel the loss of a faithful public servant, but also the loss of a personal friend and neighbor who brought good cheer and helpfulness not only in the deliberations of the council but also in the intercourse of every day life. Third: That a copy of these resolutions be spread upon the records of the Town of Marion, published in the Newspapers of the Town, and that a copy thereof be delivered to the family of Mr. Fudge. W. M. HULL, W. E. FRANCIS, JNO. W. RICE, Committee.

Surprise Marriage.

Miss Lillian Grinstead was all day guest of her sister, Mrs. Bud Williams last Sunday. Miss Ella Mae Hughes has been real sick for the past week. Mrs. W. J. Anderson, of near Marion was week end guest of her daughters, Mrs. Surber and Powers. Miss Mary Powers came, home from Marion last Monday. She says be it ever so humble there is no place like home. Miss Nannie Kate Hughes came down from Marion Friday evening and had as guests Sunday, Miss Anna Bonham and Mr. Everett Bonham, of Chilhowie. Mr. Ray Noff came up from Emory and was guest of home folks Sunday. Mrs. C. M. Grinstead had as dinner guests last Sunday, Mr. and Mrs. W. B. Williams and daughter, Miss Charmie, Mr. and Mrs. Will Bishop and Master John Grinstead. W. W. Powers who was real sick last week is right much improved. X. Y. Z.

Miss St. John Weds Mr. Lester. The marriage of Miss Kelly Curry St. John, the attractive daughter of Mr. Noah C. St. John and Mrs. St. John, of Pennsylvania avenue, to Mr. Stephen Lester, from near Wallace, Va., was an interesting event of Tuesday evening. The wedding was a quite one with only the relatives and most intimate friends to witness the ceremony, which was performed by Dr. J. L. Rosser, pastor of the First Baptist church. Mr. Lester and bride left last night for Atlanta on a wedding trip. The bride wore for traveling a modish suit of midnight blue and black velvet hat. Upon their return they will reside at the Lester home between Wallace and Wyndale, Va.—Herald Courier.

Courtesy for Miss LeGrand. Miss Sadie LeGrand, of the faculty of Martha Washington College, Abingdon, Va., was the honoree at a delightful party at which Mrs. H. G. Bramm was hostess yesterday afternoon at 3 o'clock. Yellow and white chrysanthemums were lavishly used in beautifying the reception rooms of the Bramm home on Pennsylvania avenue, which were opened for the entertainment of the Fairmount Club and quite a number of additional guests. The form of amusement was a progressive game. No prizes are offered by this club to the best player. A tempting menu was enjoyed by the ladies while they remained seated at the small tables.—Bristol Herald Courier.

Surprise Marriage. Mr. C. W. Bolt and Miss Mattie Comer, both of near Adwolve, bled away to Bristol on October 29th and were married. Miss Comer was visiting her aunt, Mrs. J. L. Lovelace, and by prearranged appointment met her lover and boarded the train at Atkins for the mecca where their aching hearts were soothed by the administering words of Parson Burroughs which made them man and wife. This was a great surprise to many friends who bestow congratulations and wishes for them over the temptuous sea of life. The bride is a daughter of Mr. and Mrs. J. L. Comer and is a popular and industrious young lady. The groom is a native of Kentucky, but has been a citizen of Smyth county for some time. They returned on No. 30 the same day. XXX Winter Caps, all kinds, lowest prices for sale by the Marion Clothing Co.

A Unique Party. Mrs. Eldridge H. Copenhaver gave a rather unique party at her home on West Main street Saturday evening for the Lutheran girls of the College. The guests were asked to come dressed in tackey costumes, and all responded most heartily. It was a little hard to decide just who should have the prize, but two of the committee thought it belonged to Miss Bess Haigler, of South Carolina. The refreshments were hot weenies, sandwiches, stick candy, and red lemonade. The games thimble, fruit basket and buying a sewing machine. Mr. Copenhaver was assisted by her friend, Miss Neta Umberger, of Charlotte, N. C. They with little Margaret Sue, were also dressed tackey. The young ladies enjoyed the occasion and had a delightful time.

Says Vinol Creates Strength

Rosary Hill Home, Hawthorne, N. Y.—"I have used Vinol for many years, weak or emaciated patients with benefit. One young woman was so weak and ill she could hardly creep to my door for aid. I supplied Vinol to her liberally and in a month I hardly recognized her. She was strong, her color charming and her cheeks rounded out."—MOTHER M. ALPHONSA LATHROP, O. S. D.,

COULD NOT SEE THE FUTURE

Two Men of Great Inventive Ability Who Had Not the Quality of Foresight.

Not infrequently great inventors do not comprehend the significance of the thing they have produced. An interesting anecdote of two famous men of science whose foresight did not equal their inventive ability follows.
When Hertz first began to obtain satisfactory results from his now famous researches into the possibility of transmitting electric waves, certain men of science suggested that some day similar vibrations might serve to transmit messages through space. Hertz laughed at the hypothesis, and assured all comers that his experiments were for laboratories only. Now, after a few short years, it is hard to find a single issue of a daily paper that does not record some noteworthy example of the use of wireless telegraphy.

Levassor was the great engineer who sketched the automobile with such skill that his design has not been materially changed to this day. After Levassor accomplished his historic trip from Paris to Bordeaux and return, at the dizzy speed of about fifteen miles an hour, his admirers gave him a banquet. During the toasts, one of them, stirred by the spirit of the occasion, rose and enthusiastically called on the assembly to drink to the approaching day when carriages should travel at the speed of sixty miles an hour. Levassor turned to his nearest neighbor and asked in a quick undertone, "Why is it that after every banquet some people feel called on to make fools of themselves?"—Les Inventions Illustrées.

Hard to Abolish War.

More war than peace has reigned in the world as far back as records can be obtained. The Temps, commenting on the action of the Socialist congress in London, warns the people against the idea that war can be abolished. It says statistics show that from 1496 B. C., to 1861 A. D., there were 227 years of peace and 3130 years of war; that is, one year of peace to 15 of war.

A MARION INTERVIEW

Mr. Ewald Tells His Experience.

The following brief account of an interview with a Marion man several years ago, and its sequel, will be read with keen interest by every citizen.
T. M. Ewald, Broadway, says: "My kidneys were disordered and I suffered for several years from my kidneys and my back. My back was so severe that after stooping to lace my shoes in the morning, I could scarcely straighten. I could hardly lift anything heavy. The kidney secretions were highly colored and irregular and scalding in passage. I doctored and used lots of medicine, but with little or no benefit. Finally I got a box of Doan's Kidney Pills at the Carson Drug Co., Inc. They gave good results in a few days. Continued use drove the pains away and corrected the trouble with the kidney secretions. I was once more able to do a hard day's work without having it affect my kidneys."
STEARNS CONFIDENCE.
On July 6th, 1915, Mr. Ewald said: "I still have the same faith in Doan's Kidney Pills today as ever. They did me a world of good when I used them and I have never suffered much with kidney trouble since."
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ewald twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Distress in the Stomach.
There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Parkman, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.

FAILED TO IMPRESS JUDGE

Fact That Jurist Had Heard Similar Story May Have Been One Cause of Unbelief.

A retail grocer reported to the police, the other day, that certain sacks of flour had been feloniously abstracted from in front of his store, says the Cleveland Plain Dealer. A sleuth was put on the job, and very soon this sleuth saw a man whose clothes were white, and therefrom argued that this person must be the flour thief. The detective followed the suspect to his home, and there he discovered six bags of flour.

The man the detective detected was the thief. He confessed before the municipal court judge the next morning.

"Yes, your honor," he said, "I did take that flour, but I didn't steal it. There it laid on the sidewalk, and the grocer wasn't taking care of it, and I thought some thief might come along and swipe it. So I took it home to save it for that grocer."

"Yes," commented Judge Sanders. "You were a noble citizen. Your story reminds me of a fellow who was arrested for burglary and larceny not long ago. He explained it like this: He was going along the street and he saw a house on fire. He went in and rescued an old lady from burning to death. In her gratitude she gave him the articles the police found on his person, to-wit: Six silver spoons, six silver forks, six silver knives, a silver teapot, a revolver, a blackjack, a billy and a dark lantern."

Senior Among Nations.
Italy may fairly claim to be senior among the nations of Europe, so far as its name is concerned. The peninsula has been "Italia" almost as far back as even legend reaches. According to Mommson the "Itali" proper were the inhabitants of the southern part of the country. As to the origin of the name, there is the normal legend of a King Italus; but his name must have been pronounced Vitulus or Vitulus, which means a bull-calf, and it is easy to recognize in an allusion to Italy as the land of cattle.

Poor Mr. Bryan.
Adding to our collection of humorous, if mean, things that are being said about the present Democratic administration, we find the New York Sun lifting from President Wilson's speech these words: "I find myself envying those who touch with the closest possible contact the genuine stuffs, whether of the animate or inanimate worlds." To this the Sun replies: "President Wilson has no real cause to envy anybody on this score. He is in close proximity to some of the greatest stuffs in the whole animate world."
