MARION, VIRGINIA, FRIDAY APRIL 9, 1915

Major Smith Advocates National Prohibition

Major Dan Morgan Smith, of Chicago, who is a native Virginian, but for a number of years, one of the most prominent citizens of the Western metropolis, addressed the people of Marion at the Court House on Tuesday night March 30th in behalf of National Prohibition, under the auspices of the Anti-Saloon League of America. Major Smith is a logical reasoner and a most forceful and fluent speaker. He was formerly General Counsel of the National Model License League, one of the three largest liquor associations in America. He said in part: My change from an advocate for the wets to a speaker for the Anti-Saloon League of America was neither hasty nor ill advised. I ceased to represent the Liquor interests when I was forced to the conclusion that the wets not only had no intention of passing The Model License Law, but that they thwarted every effort I made to have it passed. That it was absurd to expect reform from a proposed law that would never be enacted.

This conclusion was reached after I had drawn many ordinances and laws for Oregon, Colorado, West Virginia, Virginia and several other states, and having asked the people of these states to vote wet upon the promise that the Model License Law would effect a cure of the evils in the liquor business of which the public justly complained, only to find that the liquor forces were for regulation until the people voted wet, but that they were opposing regulation after election.

Such treachery to the voters, became intolerable, and in 1912 I quit the liquor side, but I did not go at once to the other side—I kept out of the fight for over two years, and then the Anti-Saloon League of America, learning by chance of my having said that "The Regulation saves the saloons, but prohibition saves the homes" sent for me. I did not seek them, they sought me, and I am truly glad they did, for the time for regulation has passed, and now must come annihilation!

The saloon is a stench in the nostrils of decency. It is the recruiting station for Hell. It is a menace to its owner and the public. It is the breeding place of selfishness, immorality, crime and damnation, for it is there that the idea of selfish indulgence is fostered, one's own pleasure being paramount is taught, the laws of man and God defied, and the teaching of Christ, that we are our brothers' keepers, set at naught.

There is taught the false doctrine that if you will let whiskey alone it will let you alone—forgetful or indifferent to the fact that the greatest sufferers from liquor are those who do let it alone. The mother of the drunken boy lets liquor alone, but it does not let her alone. The wife of the drunken sot lets liquor alone, but it causes her untold

misery. The man who is murdered by a drunken fool may have let liquor alone but it cost him his life. You can let liquor alone, but in every family there is some member, or some dear friend, who has because of liquor, brought sleepless nights and dreary, dark days.

Virginia is a menace to National Constitutional Prohibition! In a wet state every drunkard is a horrible example talked of by the dregs as a reason for voting dry—in a dry state every drinker is a horrible example pointed to by the wets as proof that prohibition is a failure. If Virginia fails to elect men to the legislature who will pass honest, enforceable prohibition laws; if prohibition fails to prohibit in Virginia, Virginia will become the horrible example used by the liquor forces to defeat National Constitutional Prohibition! Every drink taken in Virginia will help defeat prohibition. Every government tax paid to sell liquor will be cited to prove that prohibition is a failure. Every jug shipped in, every bottle brought in, will be an argument against prohibition in other states, and against national-wide prohibition.

Virginia must pass good prohibition laws, must elect truly and well tried dry legislators, simply must enforce prohibition, not some of the time, but all of the time; not in some places, but in all parts of the State, not under some mayors, but under all mayors, and to accomplish this, every dry must make it his business to prosecute the official who fails to enforce prohibition laws.

If your police cannot catch a bootlegger, you must catch the police. If the mayor of your city is defending blind tigers, keep him busy defending himself. If the judge is too wet to do his duty, make it so hot for him that he will dry out!

Insist at all times that the witness, the juror or the public official who violates his oath is a man to be despised and loathed, and membership in the Annis Club will not be popular.

Eternal vigilance is the price of enforcement of the law, and it is incumbent upon Virginians to enforce the law that its example may be an argument favoring prohibition, National Constitutional Prohibition, instead of proof of the inefficiency of prohibition. The people of Virginia have spoken, let all good Virginians, regardless of how they voted, bow to the will of the majority, and Help Pass Good Laws. And Help Enforce Them.

Mrs. Floyd Speaks died at her home on the night of March 23. She had been in bad health the entire winter, but was confined to her bed only a week or so. Funeral services were conducted at Young's Chapel by Rev. J. C. Cox; Rev. W. A. Hash and F. M. Young taking part. The floral tribute from the friends of her daughter, Miss Ida, in Richmond was large and of unusual beauty.

This was presented in person by a Mr. Bowman of Richmond, who visited the family last summer. Mrs. Speaks had been a member of Young's Chapel church for 42 years and had lived a highly praiseworthy life.—Grayson Gazette.

Travel by Wagon to San Francisco on \$5000 Bet

On a \$5,000 wager that he could travel from New York to San Francisco in a wagon in twenty-six weeks, W. B. Stephens, a New York grain broker, accompanied by John Gerebinger, a New York press reporter, and Edward Smith, arrived in Marion last Saturday, after having been on the road for nearly five weeks.

They left New York on Feb. 26 in a canvas covered wagon.

Stephens is to make the journey in the stipulated time, but is allowed nine days for delays on roads. A complete record of happenings of the trip must be recorded daily, which is stipulated in the conditions of the wager, and the log of the travelers is being kept by Gerebinger.

At this place they secured a souvenir waiter bearing the firm name of H. B. Staley Co., Marion, Va.

May 6 "Road Day" in Va.

Richmond, Va., April 6.—Complying with a joint resolution adopted by the 1914 general assembly, Governor Stuart today issued a proclamation designating Thursday, May 6, as the official "Road Day" in Virginia.

On that day all citizens of the State are urged to assist in work upon the public highways. The proclamation suggests that all labor and material contributed should be under the management of the road boards of the counties and districts, or the superintendent in charge so that there will be no waste or duplication.

All citizens are urged to give local support to the "Road Day" movement and to aid the work by contributions of materials, teams or labor.

Notes From Valley View

The closing exercises of the Valley View school were held in the afternoon and night of March 27. The afternoon program consisted of songs recitations and one play. There were three contests in recitation. The first was in the primary department, the second was between pupils in the grammar grades and the third was between the medalists or those who had won prizes for speaking or those who had won prizes for recitation previous to this year. A handsome medal was given to the winner in each contest. The names of the successful contestants are as follows: Primary, Lois McCarter; grammar grades, Miss Eva Barton, among the medalists Mae Hash. The play "Gertie's Vindication" followed the contests. On account of an unavoidable hindrance one of the characters could not take his place. This fact was not known until a few minutes before the play was given. One of the teachers filled the place as best he could but his mistakes were easily overshadowed by the fun and wit of the negro character, and the play was a success.

The night program consisted of the play "The Old Oaken Bucket," which was very entertaining during a period of two hours, two other short plays, some pantomimes and a hoop drill. The program was rather long beginning at 8 o'clock and lasting till 11:30 P. M. but not too long to be interesting and entertaining to all present. An admission fee of 10c was charged at night to all except pupils and patrons. A number of people brought lunch and remained for both programs. The attendance for each program was unusually good.

Mr. H. L. Bonham, of Chilhowie gave the school two medals. One for scholarship and the other for all-around improvement. Miss Eunis Barton won the improvement medal and Mr. Carl Hash the scholarship medal.

The school at this place is going to be extended a month longer.

Miss Lena Hash who has been attending school at Troutdale has returned home.

Rev. E. J. Blankenbecker, of Tass, preached an interesting sermon and organized a Sunday School here Sunday afternoon at 2:30 P. M.

Rev. W. N. Britton came over Saturday and preached us a very interesting sermon at Oak Grove.

Mrs. Tom Call and daughters Besie and Kate attended the prayer meeting at McCrady Sunday night.

Miss Gypsy Carter returned to Chatham Hill Sunday. Spiller.

Public School Notes

Pupils are reporting rapidly for the contests to be held in Marion April 23rd and 24th. Full announcements will be made in next week's issue of the county papers.

The seven months terms of the first and third districts are closing. All the schools in Rich Valley run eight months. Some of the schools in the first and third districts have eight months.

It was the privilege of the division superintendent last week to be present at the closing exercises of the schools at Mt. Carmel, Holston Mills, Ebenezer, Spruce Creek, Pendleton's Chapel and Attaway. Prof. Mconure of the Marion school addressed the Ebenezer meeting. All the exercises were very interesting; the programs at a number of the schools being of an unusually high order.

The First District School Board will meet at Greenwood on April 7th to consider the question of building a new school house at that point.

The contract for building the new Marion High School has been awarded to builders from Pulaski.

At the close of the Spruce Creek school, arrangements were made for carrying on the work of the League through the summer months, Mr. Thomas Wassum was elected president.

The Junior Order of American Mechanics has erected flags over the buildings at Camp, Blue-spring, Summit, Sugar Grove and Teas, presenting a handsome bible to each school.

A game of base ball was played between the Marion and the Pleasant Grove teams on the Marion grounds last Saturday. Victory was with the visiting team. Preparations are being made for a debate to be held in connection with the spring contests.

Names of the pupils who are to enter the contests in spelling, declamation, recitation and music are expected to be in by the end of this week.

Dr. Brumfield of the State Health Department visited many of the schools of the first district in company with the superintendent last week. Talks on the prevention of disease were made to all the schools, and in a number of cases his lectures were illustrated by means of lantern slides.

Arbor Day was observed at the Marion school. Interesting addresses were made by Mr. Jno. P. Buchanan and Prof. Mconure. Under the auspices of the Junior League of the Marion school, the Easter egg hunt held on Saturday yielded an income of \$25 which is to be applied to the equipment fund of the new high school.

The play, "A Family Affair" will be given at the Riverside High School next Saturday night. Proceeds to go towards seating the new auditorium.

A large gathering of county people is expected in Marion on the occasion of the spring contests.

The Inter-county contests of the Ninth District are to be held in Abingdon on July 13.

Petition for Election.

Bristol, Va., April 5.—The petition seeking an election in Bristol, Va., to determine whether or not this municipality is to adopt the commission form of government has been presented to Judge Roberts, of the corporation court. The petition contains the names of 226 of the voters of the city. It means, of course, that Judge Roberts will order an election, and that the Virginia half of Bristol will very soon know whether it is to change from the council to the commission form of government.

Edward W. Keith, son of the late Rev. J. H. Keith, who was prominent in the Holston Conference of the Methodist Episcopal Church, South, has been made postmaster at San Juan, Porto Rico. His wife was Miss Hattie Davis, a Bristol woman.

Children Cry FOR FLETCHER'S CASTORIA

Galax Has Biggest Fire in Her History

Galax, Va., April 5.—Galax suffered one of the most serious conflagrations in her history last night. The fire started from an unknown cause in office of Dr. J. C. Bishop, and when it was gotten under control a number of buildings which had been the homes of prosperous business industries were no more than mouldering ruin. Several residences were included in the burned district, which was a goodly portion of the business center of the town. The loss will total in the thousands, which will be largely covered by the insurance. The fact that the town was without a water system and the flames threatened to wipe out the town caused great excitement among the populace.

The sufferers are: J. W. Pool, grocery; Farmers Supply Co.; F. S. Dobyms, heavy; Galax Produce Co.; Galax Home Bakery; G. W. Carico & Co., produce dealers; Dalton, Produce Co.; J. K. McKnight, fertilizers; Dr. Bishop's office; E. T. Whitney, residence, and others. In the excitement very little was saved from the burned buildings.

The Democrats of Washington county met in convention at Abingdon last Thursday and nominated the following candidates to fill the county offices: Sheriff, J. E. Miller; Treasurer, K. G. Kelly; Commonwealth's Attorney, Geo. E. Penn, Jr.; Commissioners of the Revenue, J. A. P. Ryan and John M. Kregor.

Civics.

The time has arrived for the ubiquitous fly to wake up and raise a large family of a few million during the summer months, but with a little care, and determination to wipe this pest off the face of the earth, Marion can be a flyless, as well as a spotless town.

It has long been known that the fly is a disease-bearer and carrier of filth, and the Civic Committee urge the people of Marion to keep all garbage cans or pails covered, and eliminate all waste or slop water which will attract or breed flies. Also stables should be kept clean, and lime sprinkled in all out-houses and stables. The children should be taught to "swat the fly"—it is a good game for them to learn.

The Civic Committee again wishes to draw the attention of the people of town to the untidy streets. Papers and all kinds of trash are thrown on the streets. We would like for the stores, newspaper offices and all business houses to burn up trash and paper in stores, not throw it on the streets. Marion is our home town, so let us all take pride in making it a clean, livable home. The dust nuisance should be abated. This chairman would suggest that the business men and storekeepers get together, and contribute towards a fund to pay for watering the streets twice a day during the summer months. Dust destroys merchandise of all kinds, is insanitary and a nuisance. The increase in the number of autos makes the dust terrible.

Lee's Farewell Address.

Headquarters, Army of Northern Virginia, April 10, 1865.

After four years of arduous service, marked by unsurpassed courage and fortitude, the Army of Northern Virginia has been compelled to yield to overwhelming numbers and resources. I need not tell the survivors of so many hard-fought battles, who have remained steadfast to the last, that I have consented to this result from no distrust of them, but, feeling that valor and devotion could accomplish nothing that could compensate for the loss that would have attended the continuation of the contest, I have determined to avoid the useless sacrifice of those whose past services have endeared them to their countrymen.

By the terms of the agreement, officers and men can return to their homes, and remain there until exchanged. You will take with you the satisfaction that proceeds from the consciousness of duty faithfully performed; and I earnestly pray that a merciful God will extend to you His blessing and protection.

With an increasing admiration of your constancy and devotion to your country, and a grateful remembrance of your kind and generous consideration of myself, I bid you an affectionate farewell.

R. E. LEE, General.

Walter S. Foglesong was appointed postmaster at Cerulean, Va., and Emily K. Mahood at P. Shad, Bland county, last day.

Col. John W. Richard, of Richmond, was named today as a delegate to the National Convention of Sealers of Fish and Measures, which will be held in Washington, D. C., in June.

Mrs. John Blackwell died at her home near Saltville one week. She was sixty years of age and had been in bad health some time. A large family survives her. The funeral took place at Blackwell's Chapel, near Saltville.

William M. Painter, an eminent citizen and retired member of the I. O. O. F., died at his home near Saltville, Va., a short distance from the town, which he was born on March 18, 1836, the first of last year. He is survived by two sons, two daughters; also five half-brothers and one half-sister. Painter, of this place, was a half-brother, attending the funeral services.

Piedmont Echoes.

April is here at last. Winter has recently loosened his icy grasp the warm sunshine foretells the pleasant summer so soon to greet us. Death has twice visited us during week, taking in one case the beloved mother of several of our pupils and in the other an infant but days old.

Mr. Wm. Eller died on Thursday April 1, after a long illness. Mr. Craven conducted the funeral service Saturday afternoon. He was the bereaved family—husband, and daughters—go the love and sympathy of the community.

The infant child of Mr. and Mrs. Bane was buried the same day. Saturday afternoon, April 2, Prof. my spoke at Piedmont. Though day was cold quite a number of people and patrons were present.

The regular meeting of the League was first held, Mrs. Craven presiding. After considerable business had been transacted the president handed the entertainment of the meeting over to the program committee.

Mr. Craven read an account of the wonderful moonlight schools of Roman, Kentucky. It reads like a tale—the story of men and women of all ages becoming enthusiastic students and mastering the sciences which have kept them from the freedom of knowledge.

They have learned to read and write at the age of 80. Professor Craven gave an earnest and appropriate address on the changes which have come during the past twenty years along all lines of activity; his listeners to be profiting relating to education.

Members of the Civic League met at the home of Mrs. Craven. We hope to have a meeting of the Normal for the month of May. We hope to have a meeting of the Normal for the month of May.

Jess Willard Wins Championship from Jackson.

Havana, Cuba, April 5—Jess Willard, Kansas cowboy, brought back to the white race again this afternoon, the world's heavyweight pugilistic championship. Thirty-eight-year old Jack Johnson went down before one of the cowboy's hay-makers in the twenty-sixth round. Up to that time Willard had bested the negro champion in eleven rounds. Johnson had been best in only three. Eleven rounds were even.

The twenty-eight-year-old boy who now holds the title of kingpin of the ring, astounded even his friends by his ring generalship. Time and again he evaded the crafty rushes of Johnson, known as the greatest exponent of boxing in the great.

Obituary.

Mrs. Mary Lee Hutton wife of Isaac Hutton, and daughter of Mr. and Mrs. Raymond Spicer, was born Feb. 3, 1884, and departed this life March 14th, 1915, aged 31 years, 1 month and 11 days. She was converted at the age of twelve years and joined the Methodist church, and lived a consistent member until about three years ago when she joined the Baptist church at Falling Water. She was a true devoted christian woman, and one week before she died she was in a revival held at Falling Water by Rev. C. T. Rouse and working in the meeting, going out and leading sinners to the altar, and one could see the very expression of joy in her face. She had such a sweet disposition. In all her married life of eleven years she had never given her husband one cross word. She always met him with a smile and was so kind and good to her neighbors and friends. A good many compliments were passed on her for being such a good christian, patient, loving woman in her home. Around her death bed clearly showed the high esteem in which she was held.

The deceased leaves four little girls—two little girls preceded her to glory. She also leaves a devoted husband, father, mother, three brothers, two sisters and many relatives and friends to mourn her departure.

The funeral services were conducted by her pastor, Rev. C. T. Rouse, and Rev. Harris, of the Marion Baptist church, in the Falling Water church with a very large crowd of weeping relatives and friends in attendance, after which here interred in Attoway cemetery to await the resurrection morn when the dead in Christ shall rise.

In Memoriam.

Mrs. Lucinda Austin, wife of Henry Austin, colored, departed this life at 6:30 p. m. March 25, 1915, aged 63 years, 10 months and 4 days.

She was married in 1879 and lived happily with her husband for 36 years. She was a member of the colored Baptist church at Marion and lived a constant christian for 28 years.

About two years ago her health began to fail, and as time rolled on she grew weaker, yet she bore her illness with patience and was submissive to the will of God. Saying the Lord knows best and often said to her friends she was willing and ready to go.

She was an affectionate and dutiful wife and a good quiet and peaceful neighbor, and was well thought of by both white and colored who knew her. She was conscious to the last and knew each one who visited her. Her sky was clear and she passed peacefully into the realms of light.

When we assunder part It gives us inward pain But we shall still be joined in heart And hope to meet again.

Farewell dear husband and niece, I had to leave you all; Death came to me one evening And I obeyed the call.

It was to join the Angels, The messengers of God, Who welcome every pilgrim, This lonely road I should tread.

My work of life is finished, This world is no more my home, I will meet you when life is over Around God's eternal throne.

Alas for me don't worry, I've just gone on before; I'll meet you again dear relatives On Casan's happy shore.

My chair at home is vacant, My husband is lonely now; Dear don't forget your maker And to the Saviour bow.

Church of earth good bye With you I could not stay, I'll meet you all dear members On the great resurrection day.

MAKE WORK EASIER

Marion People Are Pleased to Learn How It Has Been Done. It's pretty hard to attend to duties with a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills have made work easier.

So thousands have gratefully testified. They're for bad backs. They're for weak kidneys. Marion people gratefully recommend Doan's.

John W. Hutton, farmer, R. F. D. No. 3, Marion, says: "For years I was annoyed by dull, heavy pains across the small of my back, often so severe as to prevent me from working. I was also bothered by frequent passages of the kidney secretions, this trouble being especially noticeable at night and disturbing my rest. When I read of Doan's Kidney Pills, I procured a box at the Carson Drug Co., and after using them a short time my suffering ceased. On several occasions since, as the result of a cold or overwork, I have noticed lameness in my back, but Doan's Kidney Pills have always given me immediate relief."

Population of U. S. Passes 100,000,000 Mark.

Washington, D. C., April 15.—At 4 o'clock Friday afternoon—no sooner and no later—the 100,000,000 population goal of the United States will have been reached, according to estimates of C. C. Sloans, Census Bureau geographer. At that hour, he figured the nation's noses numbered 100,000,059. Treasury department's actuaries, however, figured that the hundred million mark was passed February 1. Different standards cause the confusion, the census estimates being used on the growth of population between 1900 and 1910.

Rheumatism Yields Quickly To Sloan's You can't prevent an attack of Rheumatism from coming on, but you can stop it almost immediately. Sloan's Liniment gently applied to the sore joint or muscle penetrates in a few minutes to the inflamed spot that causes the pain. It soothes the hot, tender, swollen feeling, and in a very short time brings a relief that is almost unbelievable until you experience it. Get a bottle of Sloan's Liniment for 25c. of any Druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

THAT COLD YOU HAVE

may bring sickness, doctors bills and loss of work; you know that serious sickness usually starts with a cold, and a cold only exists where weakness exists. Remember that.

Overcome the weakness and nature cures the cold—that is the law of reason. Carefully avoid drugged pills, syrups or stimulants; they are only props and braces and whips.

It is the pure medicinal nourishment in Scott's Emulsion that quickly enriches the blood, strengthens the lungs and helps heal the air passages.

And mark this well—Scott's Emulsion generates body heat as protection against winter sickness. Get Scott's at your drug store to-day. It always strengthens and builds up.

Laurel Spring Notes. Miss Eliza B. Vernon and brother John, have been on the sick list for several days. Have missed their school. Mrs. Fannia Trivett, of Bristol, is visiting home folks here. The Laurel Springs school closed out the first session last Tuesday. The school was successfully taught by Prof. R. M. Copenhaver. There were contests for prizes in spelling and recitation. Those making highest scores among the girls were, Mabel Martin, Edith Jones, Virginia Hale, Flossie Martin and Kate Goodman. Among the boys, Hobart Martin, Wm. Copenhaver. For good deportment during the session, Nannie Vernon. G. C.

Should Not Feel Discouraged Many people troubled with indigestion and constipation have been benefited by taking Chamberlain's Tablets that no one should feel discouraged who has not given them a trial. They contain no opium or other digestive ferments but strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.

The land sale of the Dr. J. D. Buchanan property east of Marion took place as advertised, last Monday.

The 24 lots fronting on the McAdams Road which were 50 by 300 feet deep averaged more than \$200 per lot or more than \$600 per acre for the eight acres that comprised the front lots. The remainder, however, of the 35-acre boundary did not bring enough to make up the contract price so the sale was not completed and Dr. Buchanan retained the land, the expense of sale falling on the Land Company. The prizes were awarded as advertised. Lots were cast for the gold watch by Messrs. R. L. Keller and D. B. Hanchew, who both guessed \$205 the exact amount, which was the highest bid for the first lot sold. Mrs. E. M. Copenhaver, also drew a hand some silver platter and Messrs. Arthur Overbay and D. W. Debord drew nice pieces of silverware. The sale was quite well attended.

Marion Folks Astonish Druggist.

We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, is the best we ever sold. Marion folks astonish us daily by telling how QUICKLY Adler-i-ka relieves sour stomach, gas on the stomach and constipation. Many report that A SINGLE DOSE relieves these troubles almost IMMEDIATELY. We are glad we are Marion agents for Adler-i-ka. Marion Drug Co.

TAX COLLECTOR 74 YEARS OLD

Expected to Resign on Account of Feebleness—Gained Strength and Twenty-four Pounds by Taking Vinol.

Corinth, Miss.—"I am a city tax collector and seventy-four years of age. I was in a weak, run-down condition so that I became exhausted by every little exertion. My druggist told me about Vinol, and I decided to take it. In a week I noticed considerable improvement; I continued its use and now I have gained twenty pounds in weight, and feel much stronger. I consider Vinol a fine tonic to create strength for old people."—J. A. PRICE, Corinth, Miss.

As one grows old their organs act more slowly and less effectively than in youth. Circulation is poor, the blood gets thin, the appetite poor and digestion weak. Vinol, our delicious cod liver and iron tonic, is the ideal strengthener and body builder for old folks because it creates a good healthy appetite, strengthens digestion, enriches the blood, improves circulation and in this natural manner builds up, strengthens and invigorates feeble, run-down, nervous and aged people, and if it does not do all we say, we will pay back your money.

Judge Greever Shot in Tex

A message was received Tuesday by Judge Fudge announcing that his nephew, Judge Frank Greever, had been shot and killed at Lafario, Texas. Judge Greever was a son of the late Hiram Greever and was reared in Smyth county near Chilhowie. He was about 38 years old and had become a prominent member of his profession in the State of Texas. The telegram did not give any of the particulars of the shooting; it only stated the fact of his being killed and that he would be buried at Gainesville, Texas.

Tribute of Love and Respect.

Inasmuch as it has pleased our Heavenly Father to remove from our midst to her Heavenly home one of our most faithful members and co-workers, Mrs. Z. V. Sherrill, a member of the Missionary Society of Marion Lutheran Church, Marion, Va., therefore be it resolved:

- 1. That in her death the society sustains a great loss, our church loses one of her most active members, and the Sunday School a conscientious teacher. During her long illness she was ever planning for the success of the church and finally put in motion active work for the completion of the new Sunday school room.
- 2. That in her life we had an example of conscientious faithfulness to Christian duty.
- 3. That our hearts go out with tender sympathy to the bereaved husband and relatives.
- 4. That a page in our minutes be inscribed to her memory, and that a copy of these resolutions be sent to her husband, the Lutheran Church Visitor, and the Marion papers for publication.

"The Wonder Car"

This is the car that 38,000 happy owners have given the "rough and tumble" acid test of real automobile owners' wear

An automobile on the road for 18 months in constant, every-day use by an owner ceases to be a designer's theory.

It becomes—either a great automobile success;
Or it becomes—a great automobile failure.

Multiply one model by 38,000 and give each one of these 38,000 automobiles day in and day out rough and tumble road wear, and if this car stands up and delivers, it has become one of the rare great automobile successes.

And that is the Maxwell success

today—that is exactly the "Acid Test" that the Maxwell has passed through, and that is why the Maxwell is the most talked about automobile that is built today.

The Maxwell automobile is today one of the very few great automobile successes the world has ever known.

And this is the car we urge you to see. This is the car that you owe it to yourself to see. We want to tell you about its hill climbing triumphs. We want to tell you about its speed and endurance records. We want to show you and add up for you every one of its new features.

Read This List of Expensive Features. The 1915 Maxwell Has These Features And Many Others.

| | | | |
|---|---|--|---|
| <p>PURE STREAMLINE BODY A large, roomy, beautiful body, fitted with deep, comfortable upholstery, ample leg room, adjustable front seat and the best fourteen-coat, hand-painted and striped finish. All Maxwell bodies are constructed of pressed steel, mounted on a steel-channel sectioned frame, offering the greatest possible strength with minimum weight.</p> | <p>springs, built of the very best of spring steels, the Maxwell cushions its passengers from all the jars and bumps of rough roads. It is so comfortable and easy riding that you will remark the difference on your first ride.</p> | <p>Lie if one were to tell you. "The Maxwell motor stands to-day one of the very best in dependable efficiency.</p> | <p>of a sector. This makes adjustment very simple, as you have merely to turn the gear one-quarter way and you have a new surface, just as good as a complete new steering unit.</p> |
| <p>THE POWERFUL MAXWELL MOTOR The most powerful, durable motor of its size made. Ample power to negotiate any road, mud, sand or hill—always at your command. Almost troubleproof, every part accessible, and what is more, it is a motor of genuine economy. More miles per gallon, day in and day out, than you would believe possible.</p> | <p>DOUBLE SHELL RADIATOR A beautiful, troubleproof, highly efficient radiator. Every part but the shell constructed of high-grade copper. It will not corrode and leak. Protected against breakage by a heavy pressed steel shell and special shock-absorbing devices on each side of the frame that protects it against the many strains and twists of the car.</p> | <p>THE STEERING GEAR Irreversible worm and gear, the only safe steering device. Maxwell uses a gear instead</p> | <p>BRAKES THAT HOLD AND LAST One square inch of braking surface to every twelve pounds of weight. That's more than most any other car gives to-day. Maxwell brakes are thoroughly dependable, enclosed and protected from dust and dirt, and have special anti-rattling devices. Maxwell brakes are very easy to handle. The slightest pressure of the foot and your car comes to a dead stop.</p> |
| <p>SPRING SUSPENSION Without a doubt you will find the Maxwell the easiest riding, light car made. With its ample sufficient wheel base, and semi-elliptic front springs and three-quarter elliptic rear</p> | | | |

The Maxwell Company's Guarantee of Service to Maxwell Owners

No other automobile is backed by a more reliable service than that guaranteed every Maxwell owner. More than 2,000 Maxwell dealers—in every part of this country—are always ready to give expert advice, to make adjustments, and to supply new parts at reasonable prices. This splendid Maxwell dealer service organization is perfected and completed by the chain of Maxwell owned and Maxwell operated Service Branches. Sixteen great Maxwell Service Stations are so located throughout the country that a Maxwell dealer can supply any part for an owner within a few hours if not in his stock. Maxwell Service is one of the great advantages enjoyed by Maxwell owners.

Order a Maxwell from us now, and when you want it delivered, we will give you your car—not an excuse on delivery day
