Mother is here of June 5 - the first
word I have had, since the day
I sailed - I am so relieved
to know all are well -
I have thought I would
not cable since you have my
boat letter and know that
I could meet you in London
but I may cable
Mrs. Spier stopped me to say
she enjoyed sitting by mother
at a meeting so much
I made a little speech this
morning -
I have decided to cable -
It will be wonderful to
have you come but you
must stay more than just
for London -
I will have to go to the
conference I promise Aug 4
but we can have a yagron
time until then -
My schedule will be uncertain
until I hear from you, but
I will cover the American
Ygress Paris, always -

Everything is hinging on
inter-ecumenicalism
Hungary will not let Baptists
be in the association
I was given a birthday
party last night - his gave
me a pen. with which I
am writing the first letter
to you all -
Even the most sporty men
in Budapest have their heads
shaved -

I hope to receive a
cable at once saying you
are coming -
all love

Eleanor

Mother is here of June 5 the first word I have had since the day I sailed. I am so relieved to know all are well.

I have thought I would not cable since you have my boat letter and know that I could meet you in London but I [illegible] cable.

Mrs [illegible] stopped me to say she enjoyed sitting by mother at a meeting so much.

I made a little [illegible] this morning.

I have decided to cable. It will be wonderful to have you come but you must stay more than just for London.

I will have to go to the conference I promised Aug 4 but we can have a gorgeous time until then.

My schedule will be uncertain until I hear from you but I will cover the American Express Paris, always. Everything is hinging on inter confessionalism. Hungary will not let Baptists be in the association.

I was given a birthday party last night. Lois gave me a pen with which I am writing the first letter to you all.

Even the most sporty men in Budapest have their heads shaved.

I hope to receive a cable at once saying you are coming.

All love

Eleanor
